## Internships in Germany

Do you have the Bayer Spirit?

Preparation for university courses

Specialist internships and practical semesters for students

Diploma theses/projects/bachelor's and master's dissertations

**Ullrich Mielau** wants to make the world a better place – for everyone.

During his internship at Bayer, Ullrich knows he is doing just that. Searching for solutions and never giving up. That is the passion that unites all of us at Bayer. We call it the Bayer Spirit. If you feel it, too, then it is high time we had a chance to talk about a career at Bayer.

## Build on your theoretical knowledge

### A chance to gain valuable practical experience

Gaining practical experience is a valuable way to build on what you are learning at university. An internship at Bayer – one of the world's largest and most fascinating companies – provides an ideal basis for you to broaden your horizons.

Bayer's German sites offer internships for students from a wide range of disciplines:

- [Preparation for university courses](#)
- [Specialist internships and practical semesters for students](#)
- [Diploma theses/projects/bachelor's and master's dissertations](#)

An internship at Bayer offers you plenty of scope to apply your drive and enthusiasm. It is an excellent way of finding out more about your possible future career, building on your theoretical knowledge and gaining practical experience to help you in your studies. At the same time, you get an opportunity to learn more about working life, corporate culture and employment opportunities at Bayer. Last but not least, we welcome the fresh ideas that students bring into our company.

## Your qualifications

Applicants for course-related internships and internships coupled with writing a diploma thesis, undergraduate/postgraduate dissertation or project need to provide evidence of good grades in their examinations to date. Applicants from outside Germany must speak good German or

English. You also need time: internships last at least four weeks.

Subject Area	Brunsbüttel	Dormagen	Wuppertal-Elberfeld	Leverkusen/Monheim	Krefeld-Uerdingen
Business studies (human resources, marketing, finance, logistics)	■		■	■	■
Biology / biotechnology			■	■	
Chemistry (research, analysis, chemical technology)	■	■	■	■	■
History / archiving				■	
Information technology			■	■	■
Law				■	
Mechanical engineering	■	■		■	■
Medicine			■	■	■
Communications technology	■	■		■	
Pharmacy			■	■	
Process control engineering / electronics	■	■		■	■
Psychology	■	■		■	■
Safety technology / occupational safety	■	■	■	■	■
Environmental protection	■	■	■	■	■
Process technology	■	■	■	■	■

Bayer offers internships in these fields at its sites in Germany.

#### Typical content of internships

Work on current projects, experience of day-to-day business, e.g. in Controlling, Internet sites, Communications, research in chemistry/biology/physics laboratories, IT, logistics, process technology, utilities.

## What we offer

As well a chance to gain valuable practical experience and meet compulsory course requirements, interns receive compensation based on the type of internship and course status. Compensation is currently EUR 130 for basic internships and at least EUR 300 a month for specialist internships. Naturally, we can also help you find accommodation. A limited number of places are available in hostels near the Leverkusen site.

## Applying for an internship

To make sure your application is processed quickly and help you plan ahead, we need to receive your application as early as possible – preferably six months before the requested starting date. Applications must be submitted using the online application tool on our website: [www.myBayerjob.de](http://www.myBayerjob.de)  
We regret that we cannot process applications submitted by email or as hard copy. Our simple and time-saving online application process allows you to enter and edit data and attach scanned documents.

[www.myBayerjob.de](http://www.myBayerjob.de) also offers a range of other attractive options including details of the internships currently available with a direct online application function. You can also register with Vacancy Info Service to make sure you are notified automatically as soon as new vacancies are posted. It only takes a few seconds – and they could make all the difference!

## -- Application documents

Please submit the following documents as files with your online application

An **accompanying letter** stating the area in which you would like to do an internship and the dates when you are available

#### **Tabular resume**

**Certificates** (school-leaving examination, university examinations, grades to date)

#### **Proof of university enrollment**

**Guidelines** issued by your university for internships (for compulsory internships and bachelor's/master's dissertations)
